# ALT-F1 We believe in the projects we work on

## WHY ALT-F1?

ALT-F1[1] designs, implements, deploys and supports secure, large-scale software solutions for diverse industries: Manufacturing, MRO, Warehouse, Broadcasting, Bank, Insurance, Defense, Automotive, Law Enforcement, Justice & Serious International Crime

## OUR COMMITMENT

We strive for superior performance, unmatched work ethic, simple and pragmatic approach, jargon-free language and insightful ideas
## ABOUT ALT-F1

ALT-F1 was incorporated in October 2010 after his CEO spent 15 years designing, implementing and supporting mostly public administrations dealing with law enforcement, justice and serious international crime

ALT-F1 are the keys you press to get a support from a software application

The logo represents a round-table around which people participate to bring their experience and knowledge. The innovation created during the conversations is represented by the jet of water on top of the logo.
